## Returning rides

### Crown Ferris Wheel

#### Family Friendly

Sitting sky high, the popular Crown Ferris Wheel features half a million dollars' worth of lights and is sure to brighten your world. The Ferris Wheel has 26 fully panoramic gondolas, ensuring the most spectacular views of the Ekka and surrounds. This ride can be enjoyed by everyone, being a wheelchair friendly Ferris Wheel as the gondolas have no central pole.

### The Warrior

#### Extreme

The Warrior will make its thrilling debut at Ekka – the first show EVER in Australia.

With 360-degree rotations, 25m in the air, this extreme ride is not for the faint hearted. There is no other ride like it in Australia and The Warrior promises a whole-body experience of extreme thrills!

### The Joker

#### Extreme

The largest and fastest looping ride in Australia is coming to Ekka for the first time! Similar to the thrilling and popular Freestyle, The Joker is even more extreme and reaches 55m (no joke) into the air above the Brisbane Showgrounds.

### Pirates Nest

#### Family Friendly

Ahoy there matey! Step aboard the Pirates Nest in Sideshow Alley and follow the path to find the treasure.

The four level pirate themed funhouse features 35 interactive obstacles, including an Australian first interactive water play zone.

Kids will walk across a bridge made from wooden planks and barrels right above the water, keeping an eye out for the shark.

With more than 10 minutes of family fun, this new ride is sure to be popular.

### Enchanted Circus

#### Family Friendly

Roll up to an interactive funhouse featuring three levels of thrills.

Kids will perform a balancing act as they cross the vibrating floor and hang on tighter than a trapeze artist as they attempt the rope bridges.

Like any circus, the Enchanted Circus in Sideshow Alley is a world full of colourful lights and sounds children will love.

### Dodgem cars

#### Family Friendly

The younger showgoers can drive their parents around for once in the beloved dodgems! Drivers bump, spin and try to catch their friends as they ride their "car" around the arena. There are dodgem cars in Sideshow Alley and Kids Carnival.

### Speed 2

#### Extreme

Got the need for speed? Reaching speeds of 120km an hour, Speed 2 is certainly a B105 Sideshow Alley favourite and the perfect ride for those who enjoy the faster things in life. It rotates at more than 10 revolutions per minute - the definition of a thrill ride!

### Twister

#### Family Friendly

Twist and turn this Ekka! A fun ride for the whole family, with enough speed to get the adrenaline pumping. The Twister not only leaves riders in a spin but rises above B105 Sideshow Alley. You won't miss it with its elaborate LED lighting and popular tunes - perfect for getting the party started this Ekka.
